

Dear Families,

Here are the key elements to Willmar Middle School's distance learning plan:

- All students will access their learning through their iPads. 6th grade iPads were distributed to students prior to dismissal on March 16th to allow home access similar to 7th and 8th graders. This practice is new for 6th graders and we recommend you monitor their usage.
- If your child(ren) does not have internet access, Spectrum Communications is offering free WiFi to families affected. To enroll, call 1-844-488-8395. Installation fees will be waived for new student households.
- The educational platform teachers will be using is Schoology. Your child is very familiar with this delivery method as he/she has used it consistently at the middle school. Your child will have the opportunity for daily interaction with his/her teachers. Schoolwork will be completed and submitted through Schoology.
- If your child needs technology support please email Brian Nemmers at nemmersb@willmar.k12.mn.us or call the Tech Help Desk at (320) 214-6000 ext: 6084.
- Attendance will be taken daily on Schoology through your child's Cardinal Reading course.
- All 4th quarter grades will be Pass/Fail.

Thank you for your continued partnership and support,

Willmar Middle School
