BUS TRANSPORTATION SPECIFICATIONS AND CONDITIONS

SECTION I. GENERAL CONDITIONS

A. Duration: The service shall be for the 2020-2021 and 2021-2022 school years and the school district has the option to extend the period not to exceed two additional school years on the same terms and conditions. The terms and conditions of such renewal shall be mutually agreeable to both parties but in no event shall the yearly compensation for providing transportation services for years beyond 2021-2022 exceed the stated 2021-2022 rate by amounts greater than either the annual percentage increase in the bulk unleaded regular gasoline prices from the Bureau of Labor Statistics Data January 1, 2021 to January 1, 2022 or the annual percentage increase in the consumer price index for Minneapolis-St. Paul January 1, 2021 to January 1, 2022.

B. Service Within the School District: Supplier shall furnish equipment and personnel sufficient to provide daily transportation of students within the school district for the 2020-2021 and 2021-2022 school years to the various schools of the school district according to a time schedule and on routes determined by the school district. There shall be no change in any bus route or time schedule without consent of the school district. Generally, the transportation will include pickup from home to school in the morning and pickup from school to home or residence in the afternoon.

C. Service Outside of School District: Supplier shall furnish equipment and personnel as required by the school district to provide daily transportation of handicapped students or homeless students outside the school district for the 2020-2021 and 2021-2022 school years to such schools in other school districts as designated by the school district according to the district's needs.

D. School District Agent: For purposes of communication with the school district regarding the transportation contemplated by the contract, supplier shall communicate with the Superintendent.

E. Contract and Performance Bond: The supplier shall enter into a formal contract based on the conditions and specifications as set forth herein. The supplier may be required to supply a performance bond equal to 100% of the anticipated contract award, before commencing service, and shall also provide liability and property damage insurance as herein described. The performance bond shall comply with the provisions of Minnesota Statutes, Section 574.26. The amount is discretionary with the school board M.S. 123B.52, Subd. 3.

F. Award: The school district reserves the right to waive any informalities, to accept or reject in whole all proposals, to request new proposals, to enter into direct negotiations utilizing such procedures as determined by the school district and to award a contract which in its judgment is in the best interest of the school district.

SECTION II. SPECIFIC CONDITIONS

A. Instructions for Submitting Proposal:

1. Any written proposal containing an alteration or erasure of any price contained in the quotation shall be rejected unless the alteration or erasure is corrected as follows: An alteration or erasure may be crossed out and the correction printed in ink or typewritten adjacent thereto, and initialed in ink by the person signing the proposal.

2. Contractors qualified to submit quotes must currently be operating a school transportation business and have five (5) years previous school transportation experience.

3. As a part of its preparation for submitting a proposal, a supplier shall fully inform itself of school district needs by personal visitation and conferences prior to submission of a written proposal, and may examine maps, schedules, current routes, and other necessary information available at the office of the Director of Business and Finance.

4. A supplier not currently providing services to the school district shall furnish with its proposal a written biography and statement indicating the type and extent of transportation experience, references, a list of names of school districts (public, private or parochial schools) previously or presently served, including dates of service. A financial statement with bank references may be required, and shall be submitted to the School Board, if requested.

B. Vehicles:

1. School buses shall comply with all federal and state laws and regulations at all times under this contract and shall be approved by the school district. Sufficient vehicles shall be available. Coach buses may be requested by the school district for some events.

2. Included in the proposal shall be a list of equipment that the supplier proposes to utilize in providing services. If the supplier proposes to furnish new equipment, the supplier shall include with its proposal evidence that it has such equipment in its immediate possession, or a certification from a manufacturer or a manufacturer's authorized representative that such new equipment will be provided for service on or before commencing performance and that satisfactory arrangements for the payment of said new equipment have been made.

The supplier shall submit the following information with its proposal:

A. Equipment List, indicating by Bus Number.

1. Chassis manufacturer - style - year
2. Body manufacturer - number of elementary students that can be seated.
3. Mileage on bus
4. Use of bus - either route number or spare.

B. If supplier is awarded contract, supplier shall provide names, addresses, and school bus drivers license number for all drivers and substitutes.

3. All vehicles must be maintained in safe operating condition, exterior and interior cleanliness must be maintained. Sufficient heat shall be maintained in all vehicles at the time students are being transported.

4. Additional Equipment: Additional equipment such as hoists which may have to be added throughout the year shall be provided as an amendment to the contract upon mutually agreeable terms. Equipment which is necessary to meet the needs of an individual student shall be identified by the school district.

5. Radios: All vehicles used for transporting students shall be equipped with 2-way radios. Each operator shall be responsible for a communications system or a pager system or answering service so that contact with the District Office is available throughout each school day in case of emergencies.

6. Seat Belts: Vehicles used for transporting special education students shall be equipped with seat belts.

7. Video Cameras: All vehicles used for transporting students, except those vehicles used to transport special needs students, shall be equipped with a box for a video camera which shall be used to reliably monitor student behavior. Each operator shall have at least one (1) camera for every

15 buses and they must follow the Willmar Public Schools Policy/Procedures for the use of video equipment.

8. Vehicle Housing: All vehicles must be housed within the District and it is required that vehicles are housed indoors. The requirement to house vehicles indoors will be in effect for the duration of this contract and for the optional renewal period. If the contract is not renewed for the optional renewal period and the District seeks quotes for transportation services the requirement to house vehicles indoors may cease. Supplier will have a full maintenance shop.

9. Strobe Lights: All buses serving the rural areas will be equipped with strobe lights.

10. Car Seats: Vehicles used for transporting students with special needs, that require car seats, shall be equipped with car seats provided by the Willmar Public Schools.

11. Regulations: All vehicles used shall comply with all road and safety regulations as set forth by any Federal, State and Municipal policy, law, statute or ordinance as it may relate directly or indirectly to the safe operation of a vehicle used in public transportation of students.

12. Inspection: All vehicles used in transportation service shall be made available for inspection from time to time as deemed necessary by a school district agent or any state authority.

C. Insurance:

1. Successful supplier shall maintain during the life of the contract public liability and property damage and excess liability insurance with minimum limits as follows:

Bodily injury and property damage \$500,000 claimant, \$1,500,000 per single occurrence

and in addition will be required to maintain any additional coverage which may be required of school districts during the term of this agreement.

2. Certificates of insurance coverage shall be filed with the school district when the contract is executed, and shall carry the following endorsement:

"It is agreed that such insurance as is afforded by the policy applies subject to the following provisions: Under the Bodily Injury Liability and Property Damage Liability Coverage.

The company agrees that it will not use, either in the adjustment of claims or in the defense of suits against the insured from tort liability, any legal immunity the insured may possess solely by reason of its sovereign status unless requested in writing by the insured to interpose such defense."

3. Successful supplier shall furnish and maintain during the life of the contract Worker's Compensation coverage for the protection of its employees in amounts required by law.

4. No liability resulting from a vehicular accident, or any driver or operational negligence will be assumed by the school district, or its officers, employees or authorized representatives.

5. All certificates of insurance coverage furnished to the school district shall show the school district as an additional insured under the policy, and such certificates shall be in force at all times under the contract.

D. Service Conditions:

1. It is anticipated that daily (approximately 180 days) transportation to each of the school locations will be substantially as follows:

CONTRACT AREA ONE

- A. All district areas East of First Street, North of Willmar Avenue and South of the railroad tracks that run parallel to Highway 12.
- B. All district areas East of County Road 9, North to district line, South to 75th Avenue South and then ½ mile West and South to school district line.
- C. Extracurricular services for Middle School, Lakeland and 9th grade at Senior High.

CONTRACT AREA TWO

- A. All district areas North of railroad tracks that run parallel to Highway 12 and West of County Road 9 to North boundary of school district.
- B. All district areas West of 1st Street, South to Willmar Avenue and East to County Road 9; then South to 75th Avenue South and then ½ mile West and South to school district line.
- C. Extracurricular services for Senior High (grades 10-12), Kennedy, Roosevelt, Jefferson, ALC and after school sports shuttle.
- D. Transportation services for all special education students requiring separate transportation services.

NOTES:

- In the event that more than one contractor is awarded the transportation services contract, the contractors are expected to coordinate services in order to most efficiently serve student transportation needs.
- ALC students ride regular routes according to area.

Extracurricular and special trips as requested by the school district shall be provided by the supplier at the rates provided in supplier's proposal.

2. District fuel clause will be \$2.80 for diesel and \$2.80 for gas.

If the price of gasoline to the bus operator should fall below \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, during the contract period, the bus operator agrees to refund to the School District the savings between the actual price and \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

If the price of diesel to the bus operator should fall below \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, during the contract period, the bus operator agrees to refund to the School District the savings between the actual price and \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

3. The number of students transported shall not exceed the rated manufacturer's capacity of the transporting vehicle. If passenger vehicles are used, i.e., private cars, the number of passengers shall not exceed five (5) or the rated capacity of the vehicle, exclusive of the driver. Scheduling of the students for arrival at the various school locations shall conform to regular school schedules, or to the schedule established by the school district.

4. Handicapped students shall be picked up immediately in front or as near as possible to their homes. A student shall load or unload at home or school only from the right side of the vehicle, except on a one-way street, where the non-traffic side of the vehicle may be used. Type III vehicles shall load and unload in the student's driveway, if one is available.

5. No unauthorized person shall be allowed in any vehicle while engaged in the transportation of students for the school district. The school district reserves the right to assign attendants to any vehicle in the best interest of any student.

6. The successful supplier shall be highly selective in the employment of its drivers. The supplier will be required to utilize only those drivers holding a valid license with a school bus endorsement who have been thoroughly checked for ability, character, integrity and fitness. The school district reserves the right to comment on the performance of any employee of the supplier and supplier shall take appropriate steps to improve services. The successful supplier must agree to provide in-service time for all bus drivers utilized in the performance of the contract including substitute drivers or additional drivers for routes which may be added during the year.

Each driver must have completed a criminal history background check.

The supplier shall maintain the Certification of School Bus Driver Competency report.

The supplier must comply with all state and federal laws governing the mandatory drug and alcohol testing of school bus drivers. The supplier shall provide Willmar Public Schools with a written statement verifying they have a drug and alcohol policy in effect and are complying with the federal testing requirements.

7. If requested, supplier shall provide satisfactory evidence of the good health of each driver prior to each school year (or during the school year for new drivers) based on a yearly physical examination. Such examination shall indicate the driver complies with the minimum health standards required by the rules and regulations of the State Board of Education or any other state agency for school bus drivers. The expense of the physical examination for all drivers shall not be paid by the school district.

8. Smoking on vehicles shall be prohibited at all times. The driver shall not carry on unnecessary conversation while the vehicle is in motion. The driver shall at all times operate the vehicle in a safe, prudent and careful manner with due regard for traffic conditions, speed limits and road conditions. Drivers will not be allowed to make personal stops while transporting students. Drivers shall not operate a school bus while communicating over, or otherwise operating a cellular phone for personal reasons when the bus is in motion.

9. Successful supplier shall be responsible for handling complaint calls.

10. Successful supplier shall be responsible for transporting all students in his/her area to and from their school of attendance, unless other arrangements have been made with the Superintendent.

11. The successful supplier shall transport only those students in his/her own area unless written permission is obtained from the District and other affected contractors.

12. In the event of a strike by any employees of the Willmar Public Schools which affects the number of pupils transported, the terms of this contract shall be modified as follows:

- A. The District will continue to make payments for transportation services as provided for by this contract as if the supplier were transporting the same number of pupils as of the most recent monthly report until the strike has been in effect for 30 school days.
- B. The supplier shall continue to provide services as directed by the District during any strike and buses will cross picket lines.
- C. After the strike has been in effect for ten (10) school days, the supplier shall have ready for implementation at the direction of the District a plan reducing transportation services.
- D. If the plan reducing transportation services is implemented, the supplier will be paid at the usual rate per pupil times the number of pupils actually transported after the 30th day of the strike.
- E. If additional busing days are necessary beyond the 180 days called for by the contract, payment for those days shall be at the usual rate per pupil times the number of pupils actually transported.

13. Successful supplier shall be responsible, at no extra cost to Willmar Public Schools for the Bus Evacuation Drills in their respective contracted areas. The Building Administrators shall be responsible for communicating bus evacuation schedules to each operator twice a year and all students in grades Pre-K-12 will be included. Pre-K not located at an elementary site Bus Evacuation Drills will be scheduled as needed at a charge of \$50 (minimum) and a charge of \$50 per hour after the first hour.

SECTION III. BILLING

The supplier shall agree to bill the school district by the 5th of each month for services rendered for the first and second half of the previous month respectively, and in compliance with state law. Provided such billings are proper, payment for to and from school shall be made on the 15th and 30th of each month over a nine-month period.

If school is cancelled for a full day and buses do not run, the bus operator will be compensated at a rate of half of a day. If the cancelled day is made up, the bus operator will be compensated for the remaining half of a day. These adjustments will be processed in June of the school year.

SECTION IV. INCLUSION BY REFERENCE AND APPLICABILITY OF LAWS AND MISCELLANEOUS PROVISIONS

A. Anything herein notwithstanding, successful supplier shall comply with applicable provisions of State and Federal Laws including the Motor Vehicle Code, Department of Education or any other state agency rules and regulations relating to student transportation, the construction, design, operation of equipment, and safety accessories for equipment, vehicle codes and other applicable laws, rules and regulations prescribed by the State or any political subdivision thereof relating to the transportation of regular and handicapped students.

B. The school district shall require strict adherence to the terms of the specifications of the contract to be awarded in order to safeguard the comfort and safety of the students and to provide for the orderly operation of its program.

C. The attached proposal form shall be completed by each supplier desiring to make a proposal to the school district.

D. Acceptance of a proposal by the school district for the transportation contemplated by these specifications shall be reduced to written contract and the successful supplier agrees to execute such contract which will refer to and include by reference these specifications. It is understood that a contract for transportation will be effective upon award by the school district, or execution following negotiation, if not bid.

The successful supplier shall comply with the school district's adopted transportation regulations which are a part of its administrative code so far as they are applicable to the performance of transportation of students. A copy will be made available to any supplier desiring to submit a proposal.

E. In the event a contract is awarded and there is any dispute whether or not the proposed type of equipment, character of the service, ability and qualifications of the drivers, or any other fact question shall arise, the School Board shall be the sole judge, arbitrator and determiner thereof.

F. If additional buses are required to handle any additional students within the school district, and if the supplier is unable or unwilling to provide the kind and caliber of additional buses specified by the school district at a price equivalent to that provided under this contract, the school district may provide such transportation at a price agreed upon between the school district and the supplier or any other supplier in accordance with applicable bidding statutes.

G. The supplier agrees to provide any necessary information to the school district, which will permit the school district to apply for a refund of the federal excise tax per gallon of gasoline and will assist the school district in processing any application for a refund. Supplier shall also supply all information necessary for the school district to make claim for state aids for transportation to the Department of Education and any other forms or data required by the Department of Education to be filed by the school district with the Department of Education as relate to the transportation of students under this contract.

H. The entire operation contemplated by the Agreement shall comply with applicable rules and regulations adopted by the Commissioner of Education, the Minnesota Department of Transportation, any other state agency and the school board, presently in effect or now or hereafter adopted and required and the supplier will be bound by all rules and regulations, local ordinances, or State and Federal laws relative to road conditions and road restrictions, as well as with ordinances of other subdivisions of government.

I. The Supplier and the School District shall mutually agree upon any trailers used to transport school district equipment.

SECTION V. BUS DRIVERS' RULES OF CONDUCT

1. All drivers shall submit to the school district before the date on which school opens or before the date on which such driver shall operate on the routes, a physician's statement as to the driver's physical condition and health to show compliance with applicable regulations.
2. All drivers shall be required to travel over the routes and make the stops according to the timetables approved by the Superintendent or his/her designee.
3. All drivers shall exercise all proper care in protecting children from injury and exposure.
4. All drivers shall stop the vehicle at all railroad tracks and, after stopping the vehicle, personally ascertain that the tracks are clear before crossing.
5. The drivers shall supervise all students when they cross the highway before entering and on leaving the school bus.

6. All drivers shall observe and obey all traffic rules and regulations imposed by the State of Minnesota and the various municipalities on all public roads.
7. All drivers shall observe all operating rules adopted promulgated by the Commissioner of Education, the Commissioner of Transportation, any other state agency and the local school board for the operation of the vehicle on the roads.
8. Drivers shall maintain order among the children at all times when they are being transported to and from school, shall allow them to enter and leave the bus only at such places as shall be designated by the Superintendent or his/her designee, shall keep the aisle and emergency exit of the bus unobstructed at all times when children are being transported and shall report all cases of disobedience, improper conduct and speech, and cases of tardiness to the principal of the school to which the student is transported or which the student attends.
9. No driver shall use profane, discriminatory or indecent language within the hearing of any student and shall tolerate no such language on the part of the students.
10. No driver shall be under the influence of an alcoholic beverage or controlled substance as defined by the Minnesota Highway Traffic Regulation Act (M.S. 169) at any time while transporting students. The school district may refuse to accept as a driver any person who habitually uses alcoholic beverages or controlled substances to excess as determined by the school district, and the school district shall not be required to accept any driver whose driver's or chauffeur's license is under suspension or revocation.
11. Each driver will make such daily and weekly reports as may be required by school district officials regarding the schedules and passengers and incidents en route. The reports shall be delivered to the supplier, who shall deliver them to the Superintendent or his/her designee.
12. All drivers shall report immediately to the Superintendent or his/her designee all accidents involving the vehicles operated by the driver during the transportation of students.
13. All drivers shall attend the meetings of the school bus drivers that may be called by the Superintendent or his/her designee.
14. All drivers shall attend regional bus drivers' schools of instruction as the same may be scheduled, and shall bring the vehicles used by the drivers for student transportation for inspection when such inspection is ordered by the State Board of Education.
15. No drivers shall allow students to use tobacco, alcoholic beverages or controlled substances while in the bus.
16. All suppliers shall be required to do a criminal background check on all new drivers prior to employment.
17. All drivers shall observe the Willmar Public Schools Transportation Safety Policy – Student #709 and the Willmar Public Schools Harassment and Violence Policy #413.
18. No driver shall make personal calls on a cell phone while transporting students.
19. All drivers shall notify the Minnesota Division of Driver and Vehicle services and/or the supplier of a conviction for a motor vehicle traffic violation, license suspension, or other conviction as specified in Minn. Stat. 171.02.

SECTION VI. CONCLUSION

Independent School District No. 347, Willmar Public schools will require strict adherence to the terms of the specifications and of the contract to be awarded, including but not limited to specifications related to schedules, adequacy of equipment, maintenance of equipment, employment of qualified personnel, constant attendance of qualified supervisory personnel, enforcement of rules as to conduct of children while being transported, safety of operation under all conditions and strict and faithful compliance with all rules, regulations, directives and orders of the School Board, Superintendent of Schools, other appropriate school district officials, the officials and peace officers of any and all municipalities and of any and all other persons or bodies having jurisdiction or control of any subject matter of the contract.

SECTION VII. PROPOSED TRANSPORTATION AGREEMENT ATTACHED

Suppliers are instructed to read the attached agreement and be expected to comply with it in the event of award.

TRANSPORTATION CONTRACT
INDEPENDENT SCHOOL DISTRICT NO. 347
Willmar Public Schools
Willmar, Minnesota 56201

This agreement is made effective _____ by and between Independent School District No. 347, Willmar Public Schools, Willmar, Minnesota, hereinafter described as "School District" and _____ hereinafter described as "bus operator" as follows:

I.

1. It is contracted and agreed by and between the said parties that the bus operator shall transport students required to be transported by the school district from any points on the designated routes to and from designated schools according to the routes and schedules as are furnished from time to time by the Superintendent of the School District, or other appropriate school district officials, for the period of this contract.

2. The bus operator agrees:

- a. To furnish chassis and passenger school bus bodies both conforming to all the State and Federal laws and regulations relating to school buses.
- b. To keep said school buses properly stored so that they will insure proper warmth and comfort for the students transported therein, each bus to be equipped with good and sufficient heaters.
- c. To have said buses maintained by qualified mechanics so that they will be at all times in good mechanical condition and kept clean and will from time to time add such equipment and safety devices as may be required by any new laws or rules of the State of Minnesota relating to school buses.
- d. To furnish drivers over 18 years of age in good health and in possession of a valid, effective bus driver's license issued by the Motor Vehicle Department of the State of Minnesota, and who have completed a criminal history background check to the satisfaction of the school district for said buses in adequate numbers and of proper qualifications to fulfill the requirements of the contract.
- e. To establish and enforce regulations for the rules relating to the conduct of such drivers.
- f. To comply fully with all state and federal laws governing the mandatory drug and alcohol testing of individuals required to hold a commercial driver's license (all school bus drivers).
- g. To discharge or replace any drivers violating rules of conduct or not meeting qualifications or such requirements or qualifications as may be established herein in addition thereto.
- h. To have on hand serviceable standby buses in sufficient numbers to make all trips necessary under this contract so that all normal buses are operating at all times.

3. The entire operation contemplated in this agreement shall comply with applicable rules and regulations adopted by the Commissioner of Education, the Minnesota Department of Transportation, any other state agency and the school district presently in effect or now or hereafter adopted and required. The bus operator will be bound by all rules and regulations, local ordinances, or state laws

relating to road conditions and road restrictions of any other subdivisions of government and any other regulations relating to the operation contemplated herein.

II.

1. The school district agrees to pay the bus operator in consideration and compensation of operator's obligation for performance under this contract. Rates are as stated in an attachment to this agreement.

The school calendar, including vacations, holidays and recess periods, shall be provided to the operator prior to the beginning of the school year.

Extra-curricular and special trips shall be in addition to the above amount and paid according to an attachment to this agreement.

2. If the price of gasoline to the bus operator should exceed \$2.80 per gallon, excluding federal tax, during the contract period, the school district agrees to assume the excess cost beyond \$2.80 per gallon, excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

If the price of gasoline to the bus operator should fall below \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, during the contract period, the bus operator agrees to refund to the School District the savings between the actual price and \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

3. If the price of diesel to the bus operator should exceed \$2.80 per gallon, excluding federal tax, during the contract period, the school district agrees to assume the excess cost beyond \$2.80 per gallon, excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

If the price of diesel to the bus operator should fall below \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, during the contract period, the bus operator agrees to refund to the School District the savings between the actual price and \$1.40 per gallon (half of \$2.80 per gallon), excluding federal tax, upon documentation as to price and gallons used in fulfilling contracted obligations.

III.

1. The bus operator agrees to keep in effect liability insurance for each bus to insure against liabilities up to \$500,000 for each claimant and \$1,500,000 for each single occurrence in addition to any other coverage required by the specifications. The school district shall be included in an appropriate endorsement. Any additional coverage obtained by the bus operator will apply to this contract at the time secured.

2. Operator shall not be held or deemed in any way to be the agent or employee of the school district. It is the intention of the parties that the operator is and shall be considered as an independent contractor. No officer, employee or agent of operator shall be deemed to be an officer, employee or agent of the school district, unless he is also an officer or employee of the school district. Operator agrees to hold harmless and indemnify the school district from any and all claims, demands, causes of action, and suits against the school district caused by the negligence or intentional acts of the officers, employees and agents of the bus operator, and the school district shall pay or settle no claims or judgments arising out of such negligence or intentional acts of the officers, employees, or

agents of the operator, except as otherwise required by law, without approval of the operator or its insurer, in writing, and shall immediately give notice of all claims or suits to operator.

IV.

It is agreed by the parties that in the event the bus operator is unable to provide transportation services as herein specified because of fire, riot, war, picketing, civil commotion, strikes, labor disputes or any other similar condition, the school district may excuse it from performance hereunder and terminate the contract or shall have the right to take over the operation of such buses that the bus operator is prevented from running, utilizing such school employees or other persons as the school district may deem appropriate, until the bus operator is able to resume operation. The school district shall pay to the bus operator for such buses the same amount specified in the heretofore mentioned rate schedule, less all expenses and costs incurred by the school district in the operation and maintenance of the vehicles.

V.

This agreement shall be in full force and effect for a period commencing July 1, 2020, and ending on June 30, 2022. This agreement may be renewed for an additional two-year period at the option of the school district.

This contract may be amended or terminated by mutual agreement of the parties in writing approved by the school board upon 30 days' written notice of one party to the other, or as otherwise permitted by this contract or the specifications or proposals attached hereto. Failure or refusal of either party to substantially perform the conditions of this contract during the term of the contract will permit the other party to terminate the contract upon 30 days' written notice in writing to the breaching party, unless within such 30-day period the breaching party shall correct the performance to the satisfaction of the other party, but both parties shall be entitled to all remedies provided by law in case of such breach, failure or refusal, but neither party shall be required to accept less than full performance of this contract unless otherwise agreed in writing by the parties. All notices under this contract required to be given to the school district shall be directed to the Superintendent. All notices required to be given to the operator shall be directed to it at its principal office last on record with the school district.

VI.

The specifications and general conditions relating hereto are attached and made a part of this contract by reference along with any proposal submitted by operator, except as otherwise provided in this contract.

VII.

Operator cannot assign or transfer any part or all of his interest in this contract without the written approval of the school board of the school district as authorized at a regular or special meeting of the school board.

VIII.

Operator and school district has complied with the provisions of M.S. 123B.52, Subd. 3. Any adjustments or refunds under this contract shall be determined by mutual consent of the parties.

IN WITNESS WHEREOF, the parties have executed this agreement below.
