LEASING IS A GREAT WAY TO BEAT THE "GROWING" PROBLEM!

Over the years we have learned that the lease cost is less than the equipment depreciates and therefore less expensive than owning. Leasing start October 1st—Due back on April 1st. Timely return of equipment is very important to keeping lease prices as low as possible.

If your equipment return is going to be late please contact us to make return arrangements.

FITZHARRIS has a specialized staff who have years of training and experience in the latest ski testing techniques. The right equipment does make a difference, so please tell our staff you are a team racer and one of our race techs will help you pick the right equipment.

Have a great season and most of all have FUN!
